

# LEAP APPLICATION PROCESS 2022-2022

To begin the LEAP application process, each applicant will need to register with an account at [cesleap.org/moodle](https://cesleap.org/moodle). Once an account is verified, candidates will register for the "Cohort 4 Application" course. Candidates must complete the process to unlock the next portion of the application.

While applying to LEAP, candidates will need to secure a position at their desired school or district. To complete your LEAP application, candidates will need to upload an Intent-to-Hire Letter provided by the school or district. Every LEAP teacher is a full-time teacher-of-record.

After receiving an acceptance letter, candidates should apply and upload the needed documentation to [NMPED Licensure](#) to obtain a LEVEL 1A two-year alternative license.
